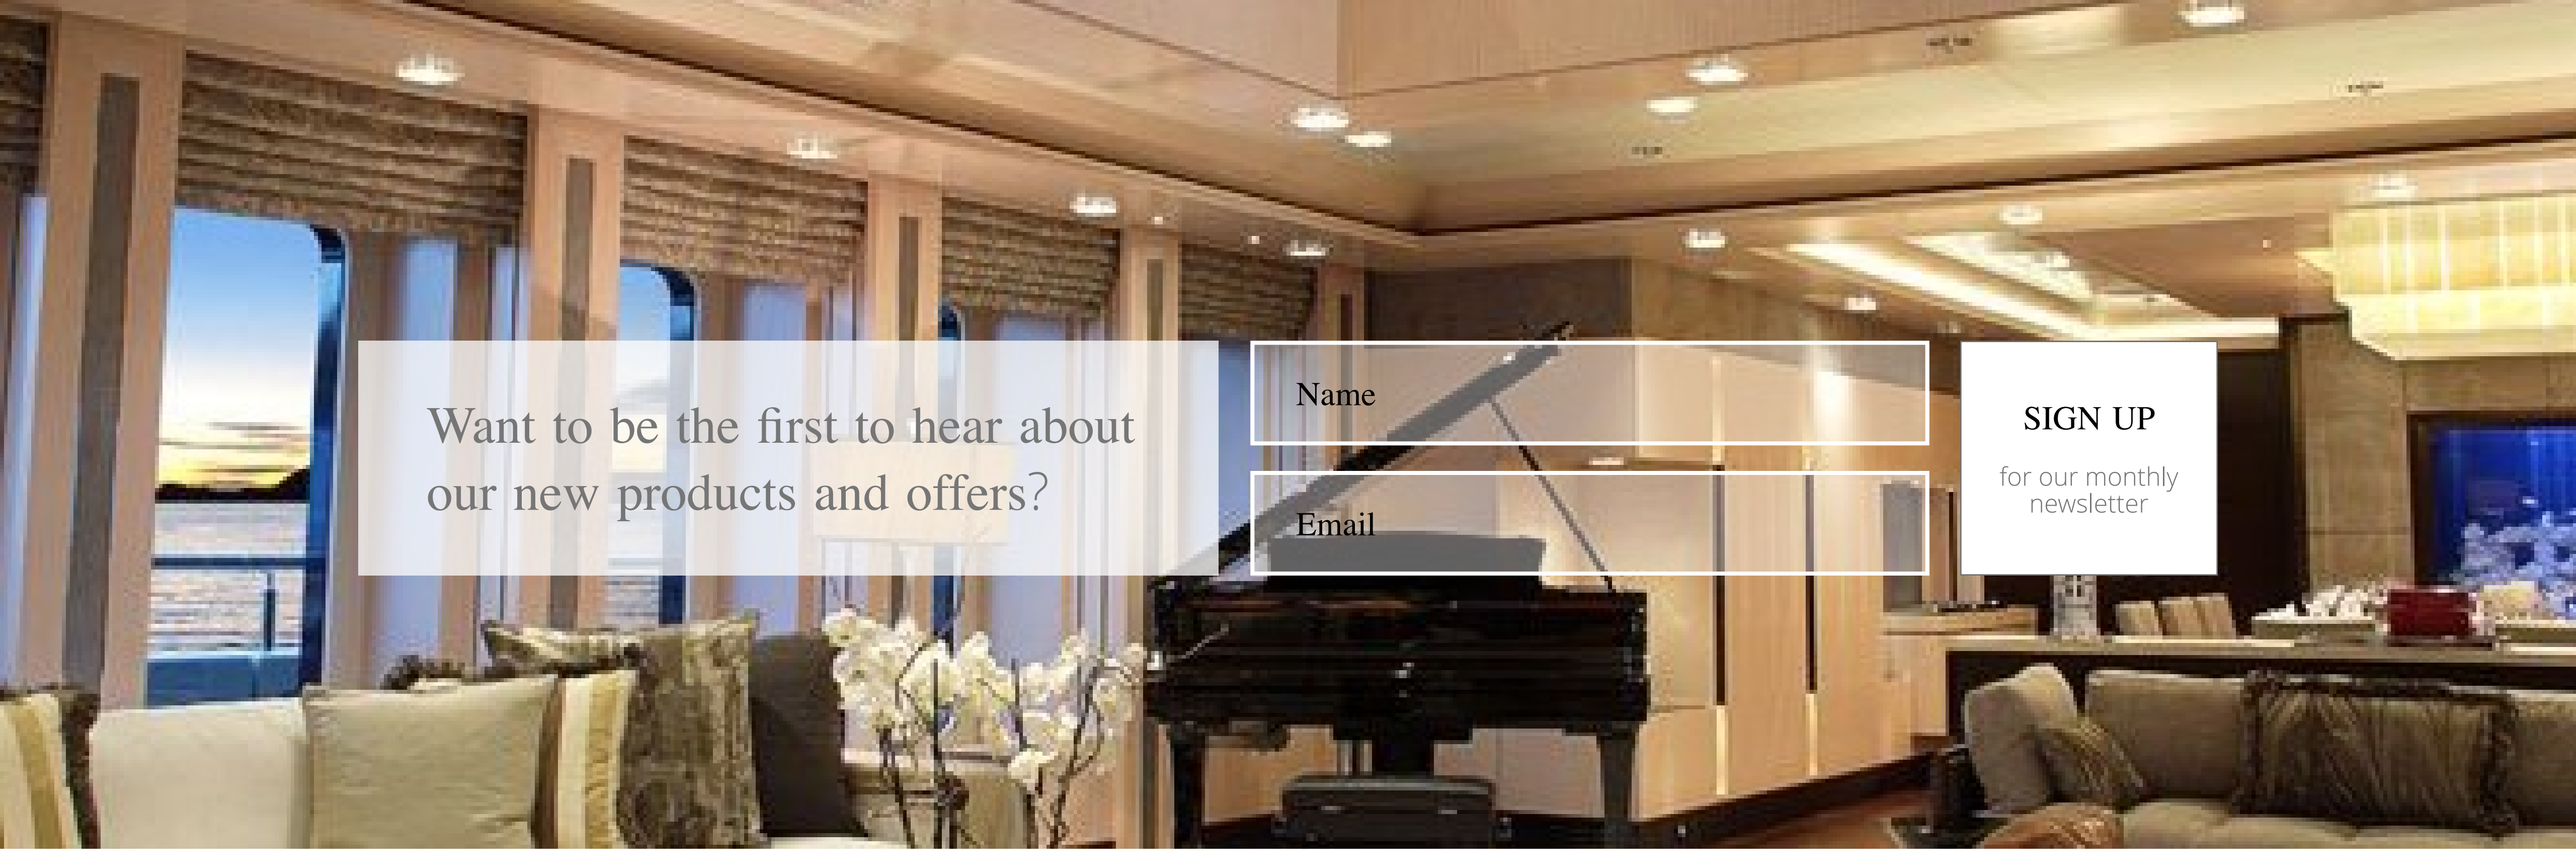
LIGHTING.BRILLIANTLY

For 30 years, we have been at the forefront of lighting design, innovation and manufacturing in Great Britain.

Our ever-evolving collection of hand-built interior and exterior LED fittings, are meticulously designed and manufactured in-house by our design team, craftsmen and women in our Berkhamsted factory; allowing us to provide you with the ability to plan, source, create and order all of your lighting needs in one place.

Discover our lighting solutions by browsing the ranges; select the product you're interested in, and sharing the details with our Lighting Experts; they're on hand to help choose the right fittings to light your project brilliantly.



Want to be the first to hear about our new products and offers?
